WINT & LILA RECOMMENDS
RESPONSIBLE CONSUMPTION

WINT & LILA

Made from a selection of natural strawberries from Huelva (Spain), which are macerated in demijohns and distilled in antique stills. The result is a delicious gin with an intense natural colour.

A balanced combination of angelica root, orange blossom, mint, juniper berries and strawberries.

A unique process that includes individual maceration of the botanicals, water bath distillation and the final blending of the various distillations with purified water and 5 times distilled grain alcohol.
